SUMMARY

Computer science graduate focused on Python backend, test automation and CI/CD. Built a website-monitoring platform (FastAPI, PostgreSQL) with 660+ automated backend tests, plus React / Next.js / React Native applications. I use an AI coding assistant and am transparent about it: I specify, review and test what is built. More details and live demos in the portfolio.

TECHNICAL SKILLS

Backend	Python, FastAPI, REST APIs, SQL, PostgreSQL, SQLAlchemy
Testing	pytest, Vitest, Playwright, axe (accessibility)
DevOps	Docker, Docker Compose, GitHub Actions (CI), Caddy, Prometheus, Grafana, Linux, Git
Frontend	JavaScript, TypeScript, React, Next.js, React Native, Tailwind CSS
Languages	Romanian (native), English (B2), German (A1)

PROJECTS

Manotek Watch — website monitoring platform Python, FastAPI, PostgreSQL

- Built a service that checks websites periodically, opens and closes incidents automatically and sends Discord alerts and SSL-expiry warnings.
- Implemented a background worker with safe concurrent job locking, SSRF protection, encrypted webhooks, 2FA and CSRF protection.
- Wrote 660+ backend tests, 149 unit and 154 end-to-end tests; set up CI/CD, Prometheus/Grafana monitoring, HTTPS deployment config and a backup/restore runbook.

FitPlan — personal training app (PWA) Next.js, FastAPI, PostgreSQL

- Built a user-account app that generates gym plans and calorie targets from clear, verifiable rules, with workout/meal logs and progress charts.

Progres 100 — bachelor's thesis (mobile app) React Native, Expo, Firebase

- Developed a mobile progress-tracking app with AI-generated tips through the Claude API.

Web projects and client demos Next.js, React, TypeScript

- Published portfolio (bilingual, Lighthouse 98–100, auto-deployed via GitHub Actions), AlegeMasina car advisor, Busola career test, and 7 demo business sites (dental clinic, salon, spa, notary and others).

EXPERIENCE

Web Development Intern — Thecon, Galați Jan – Mar 2024

- Wrote HTML, CSS and JavaScript for company web projects during a 3-month university internship.

Founder (in preparation) — Manotek Romania

- Preparing a small studio for websites and web applications for local businesses.

EDUCATION

MSc Automation and Applied Informatics — Univ. Dunărea de Jos, Galați 2026 – present

BSc Automation and Applied Informatics — Univ. Dunărea de Jos, Galați 2022 – 2026
